

## New First-Year Banner Web Registration Guide

Incoming first-year students will submit courses on two plans for fall 2025 classes, one with FYS 100 options titled “FYS...,” and a second with other classes, titled “Fall...” Plans will be submitted in BannerWeb. The Office of the University Registrar will register all incoming students for one FYS 100 section from the student’s FYS plan and one course section from the student’s other plan, with two exceptions:

1. NCAA student athletes, Bonner Scholars, Oliver Hill Scholars, and Richmond Scholars will be registered for a total of 4 units (1 FYS from their “FYS” plan, plus 3 additional units from the “Fall” plan) and WELL 100 (0 units);
2. Students participating in Endeavor will be registered for whichever course they are not pre-registered for as a condition of the Endeavor program (i.e. if the community has an FYS associated with it, students will only complete the “Fall” plan, and vice versa).

Please review the course offerings [here](#) (Course Selection Options for First-Year Students on the right side of the page) before logging into BannerWeb to create your plans.

Please note that your plans are already created and have “Do Not Delete until 8/1/25” included in the title. Please do not delete these plans and create new plans – use these pre-established plans as applicable to your specific situation (if you only need to create an FYS plan, only use that plan and leave the Fall plan blank).

Below are some tips for submitting your plan to ensure that we are able to register you for one of your top choices.

### DO

1. **DO** only include FYS 100 on the FYS plan.
2. **DO** make sure that the course sections on your plan are being offered in the fall. Click “View Sections” next to the class to ensure that there are specific sections listed.
3. **DO** add at least 20 course sections to each plan to ensure that you are able to be registered. Multiple sections of the same class may be included, but there need to be different courses as well for a range of options.
4. **DO** check the list of [first-year course selection options](#) for which you are eligible to register before making your plan.
5. **DO** only use an Arabic number when entering a rank for a class. Do not add spaces, punctuation, symbols, or words.

### DO NOT

1. **DO NOT** include FYS 100 on the second plan.
2. **DO NOT** add course sections for which you are not eligible to register including
  - a. those with the subject code LAWE, LAWR, MBA, FIN, MGMT, IBUS, INFO, or MKT
  - b. those with a U at the end of the course number
3. **DO NOT** put WELL 100 on your plan unless otherwise advised.
4. **DO NOT** include military science course sections on the plan. If needed, they can be registered for during open registration.
5. **DO NOT** add spaces, punctuation, symbols, or words to the number rank you give a course section.
